## CLASSROOM TEACHING

Table 2 lists all courses that I taught at CUHK with student teaching evaluations.

- The teaching evaluation is on the scale of 1 – 6, with the highest (best) being 6.
- Mean is the average value among top 90% evaluations for a course, which is used for tenure evaluation and promotion at CUHK.
- Department Mean is computed separately for undergraduate, graduate, and general education courses, except the year of 2008/2009 where only one department average of all courses was available.
